Fire drill and Home Fire Safety Seminar

In light of the recent fire incident at Wang Fuk Court in Tai Po, the Owners' Committee together with the Customer Service Office specially organized a Fire Drill and Home Fire Safety Seminar, which were successfully completed on 15 December 2025 and 16 December 2025.

The events received an enthusiastic response with more than 200 residents actively participating. Through the drill and seminar as well as the valuable sharing by Chairman Mr. Tse of the Owners' Committee residents gained a deeper understanding of the estate's fire prevention facilities, escape routes, and essential fire safety knowledge. This not only enhanced overall disaster preparedness but also provided significant benefits to all participants. We sincerely thank all residents for their active participation and continued support in strengthening the safety of our community.
